

Steven M. Waalkes, P.E.

Director of Engineering – West Michigan Michigan Concrete Association

Mr. Waalkes has worked for the concrete industry in Michigan since 2006. Steve's primary role with MCA is to assist owners, engineers, inspectors, contractors, and suppliers with the design, specification, and construction of concrete pavements and other concrete-related products. Steve also assists contractors, ready-mix suppliers, and other MCA members with troubleshooting and technical support regarding issues with concrete design, construction, performance, and rehabilitation. Steve has also given workshops and presentations around North America, on concrete practices, technology, and research.

Steve has a Bachelor of Science degree in Engineering from Calvin University and a Master of Science degree in Civil Engineering from the University of Texas at Austin. He is a registered Professional Engineer in the State of Illinois, and a member of the American Concrete Institute (ACI), the American Society of Civil Engineers (ASCE), and the Michigan Society of Professional Engineers (MSPE) Western Branch. He is a Past President of the Michigan Section of ASCE and ASCE Western Michigan Branch, and a past board member of the ACI West Michigan Chapter. Steve enjoys working on his house, camping, watching hockey, and spending time with his wife and four boys.
